The below is an executive insight, introduction, strategic blueprint, grand scheme and summary document

2) Executive Summary and Blueprint of the Infinite levels of Upgrading

The Market I Radars for Infinite Purity Upgrading clearly understand that God's Source Code for existence is the same for humanity, all other beings and all the infinite ingredients in existence except that the only difference and variation is in the initial onset fixed level of consciousness when coming in to existence (but with perfect and equal balance, fairness, possibilities, opportunities, options, capabilities and potentials) only for the purpose of giving each and every humanity, other beings and all ingredients in existence to observe, witness and understand initially the infinite levels of consciousness dimension, reality, simulation, state of being, time, wisdom, purpose, experience and exposure throughout the infinite universe and at a later stage to chose their path upon their freewill; which means one specific human, being or ingredient embodies all the infinite levels of elements in existence and in the same approach it applies and works for the Infinite levels of Upgrading where it consists of all the Infinite levels of Upgrading existence elements and ingredients.

As opposed to the centuries old and beyond assumption, narration, fabrication, projection, teaching and preaching that there exist only a few dimensions, realities, simulations, state of being, time and consciousness of humanity, beings, existence and every other element, parameter, ingredient and package which are mostly focused on matter, material, physical, exterior, surface level, external layer, outer contexts and realizations and moreover each and every existence, humanity, being and other elements and ingredients by nature are separated, different, nonidentical, disintegrated, misaligned, non-harmonized, departed, disconnected, divided, split, classified and vary in design, foundations, formulations, workings, looks, shapes, equality, capabilities, potentials, understanding, characteristics, biology, chemistry, physics, sciences and all aspects.

The above narration and understanding has continued to be the overwhelming story still to this date for the reasons that in one hand Satan, dark forces and their agents will have a suitable environment, position and circumstance to influence, manipulate, discriminate, govern, occupy, enslave, imprison, limit, restrict, control and continue to take ultimate authority and say over humanity and other beings' biology, chemistry, mind, heart, energy, resource and spirit by creating, designing, fabricating, narrating and weaponizing endless and unlimited horizontal classifications, identifications, separations, competitions, divisions and groupings across a number of agendas like color, shape, look, profession, blood, IQ, weight, beauty, size, body, food, drink, job, profession, capability, intelligence, brand, product, economy, technology, wealth, finance, infrastructure, resource, land, water, border, service, sector, discipline, subject matter, language, clothing, shelter, culture, habit, tradition, history, luxury, education, health, race, ethnicity, city, country, village, poverty, scarcity, market, speculation, background, personality, character, politics, government,

specialization, hobby, addiction, attachment, dependency, media, sport, gender, age, asset, possession, fashion, ART, choice, talent, skill, religion, faith, interest, entertainment, game, film, music, literature, thought, feeling, perspective, experience, decision making, action, livelihood and other endless variations, separations and classifications.

And on the other hand to greatly undermine the full and infinite wonder and purpose of creation and existence in doing so to discredit the design argument and at the same time to leave no option and space for the case and cause of God by continuously painting and demonstrating the picture of unfairness, injustice, luck, bias, disorder, chance, random, inequality, scarcity, limitation, suffering, misery, cheating, theft, depression, suicide, killing, greediness, purposelessness, separation, doubt, suspicion, disinformation, denial, isolation, destruction, fear, worry, exhaustion, inferiority, dissatisfaction, difficulty, discomfort, hunger, famine, sickness, disease, conflict, struggle, poverty, discrimination, enslavement, war, disagreement, hate, anger, discomfort, death, revenge, scandal, corruption, disaster, sorrow, regret, confusion, hopelessness and other endless negative lists forgetting the fact that the existence of three states of being for every existence which are the Infinite levels of Purity Existence, the infinite levels of Neutral Existence and the Infinite levels of Impurity Existence which means they are only talking about the state of being within the scope of the Infinite levels of Impurity Existence in this case the Infinite levels of Impurity Upgrading which is the version and sate of being of impurity, sin and curse under the grand scheme of God's design, workings and simulation by purposely and systematically hiding the other higher levels of state of beings which are the positives, preference and will of God filled with purity, virtues, righteous, honors, elevation, miracle, blessing, eternity, oneness, abundance, satisfaction, fulfillment, transcendence and endless mysteries of which any of the three state of beings are chosen upon the freewill of humanity and other beings.

The purity Market I Radars clearly understands the above initial foundation, source code and design for the existence and operation of the Infinite levels of Upgrading abundance, existence, eternity, oneness, harmony, entanglement, convergence, synchronization and alignment; which means humanity and other beings are automatically and unconditionally offered and embody the capability and potential to enjoy the Infinite levels of Purity Upgrading given the fact that they are in harmony, alignment, convergence, oneness, singularity and synchronization with the Infinite levels of Purity Upgrading protocols, elements, packages and ingredients.

Contrary to the above in one hand humanity and other beings upon their freewill choice can separate and distance themselves and go to the state of being of the Infinite levels of Impurity Upgrading where they end up to live negligible, insignificant, lowest, limited, conditional, volatile, cursed and imprisoning life throughout their shortest life span with the lowest, negative and Impurity Upgrading dimension, consciousness, time, reality, simulation, wisdom and experience and on the other hand humanity and other beings upon their freewill

choice can remain and bond themselves and enjoy the state of being of the Infinite levels of Purity Upgrading where they end up to live eternal life span and with limitless, unconditional, unshakable, virtuous, righteous, blessed, positive, the highest and Purity Upgrading dimension, consciousness, time, reality, simulation, wisdom and experience. And as a last resort humanity and other beings can choose to be within the state of being of the Infinite levels of Neutral Upgrading where they end up to live relatively average life span and with the average Neutral Upgrading dimension, consciousness, time, reality, simulation, wisdom and experience.

The moment humanity and other beings regain the depth of clarity, chemistry, formula, understanding and workings of God's Source Code for oneness preference which is the Infinite levels of Purity Upgrading out of all God's permitted Infinite levels of Upgrading options, possibilities, alternatives, potentials, opportunities, dimensions, realities, simulations, state of beings and choices that exist within the source code; then the centuries long and beyond quest to activate, secure and experience the Infinite levels of Purity Upgrading would come to a close after so much exhaustion, suffering, dedication, commitment, misery, pain, struggle, sin, confusion, narration, distortion, fear, frustration, investment, trial and error, loss, regret, inflammation, disease, relentless, sacrifice, ignorance, darkness, speculation, stress, contradiction, sleepless, analysis, formulation, design, execution, prediction, eagerness, expectation, argument, thought, philosophies, ideas, intervention, medicine, treatment, surgery, simulation, research and endless efforts and attempts.

But the genuine attempts and efforts has been only carried out by the few humanity as it isn't in the best interest and desire of Satan and evil forces for humanity and other beings to secure the state of being of the Infinite levels of Purity Upgrading; on the other hand almost all of humanity and other beings were victims of the current and beyond centuries long purposely designed complex programs that were instrumental to make sure humanity and other beings continue to operate and function in the Infinite levels of Impurity Upgrading.

The Market I Radars for the Infinite Purity Upgrading clearly understand the fact that the existence of Infinite levels of Upgrading contrary to the centuries and beyond long belief, conviction, norm, narration and understanding of the existence of only a few options with limited scope, out of the Infinite levels of Upgrading, which all **are standardized, preached, mentored, consulted, narrated, projected, taught, understood, cultured, disseminated, organized and measured within the upper layer, surface level, exterior, material, outer part, the lowest, insignificant, negligible, negative and attaching contents, contexts, perspectives, dimensions, simulations, consciousness, time, realities, meanings, substances, purposes, causes, wisdom and related that continue to be adopted by all societies, scholars, researchers, scientists, individuals, countries, religions, cultures, traditions and beliefs in the world;** which as a result become the core causes and reasons, for centuries and beyond, for many humanity and individuals continue

to fail and become helpless to practically internalize, execute, embody, align, integrate, harmonize, converge and stay in connection with God and shift from their Impurity Upgrading lives even if many tried their best to understand, follow and execute the general agreed norms, understandings, practices and guidelines and more specifically few of humanity genuinely attempted the same for decades and continue to fail again and again.

The above continues to be the case to this date; it is because of the fact that, out of endless causes, humanity and other beings are operating and functioning on the below challenges and difficulties:

- the continued existence and reality of the lack of an in-depth understanding, wisdom and clarity in the workings, consciousness and design of Infinite levels of Upgrading;

- the endless levels of Upgrading based horizontal identifications, classifications, competitions, discrimination, undermining, arguments, conflicts, hate, extremism, anger, distraction, distortion, plotting and the race for winning by discrediting the other rather than focusing on the vertical purpose of attaining, securing and having Purity Upgrading;

- the ever rising association, occupation, attachment, addictions, dependency, priority, desire and the race for grabbing the insignificant, sinned and temporary external material, finance, money, wealth, property, asset, shiny look, greediness, possession and related lists by many humanity rather then the path towards the attainment of Purity Upgrading;

- the ever increasing fall of scholars, mentors, elders, religious and faith leaders, preachers, researchers, agenda setters, media, celebrities and followers, knowingly and unknowingly, in the wrong trap of purposely and systematically designed complex programs, principles, narrations, strategies, frameworks, foundations and philosophies designed and masterminded by Satan, evil forces and their agents for making sure humanity and other beings continue to be separated from God and operate on their sinned lives and Impurity Upgrading;

- the wrong messages, preaching and teachings by faith and religious leaders and scholars as if the path towards having Purity Upgrading is very complex, requires sacrifice, demand long journey to attain, faced with many discomforts and obstacles, extended waiting and patience,

- the endless lists of wrong messages, norms and practices like big virtues and rewards come after death, ultimate peace and happiness is secured in another life, judgement is given in the end, life at earth is only for a temporary purpose and endless messages and narrations that continue to distract and drag humanity not to take decisive, serious, careful and practical choice and action to shift towards the attainment of Purity Upgrading;

- the misinterpreted, distorted and diverted promises, knowingly and unknowingly, that humanity can gain Purity Upgrading and subsequent honors if they only continue to follow the usual daily, weekly, monthly and yearly subscriptions and attachments of medicines, mentors, counselors, psychiatrists, gym, churches, mosques and related addictions accompanied by various rituals, programs, attendance, followup, learning, payments and various doings which isn't the case to this date after centuries and millennia practices;

- out of the Infinite levels of Upgrading's mandatory and essential elements, ingredients and packages only a few are ingrained in almost all of the counselling, mentor, consulting, coaching, teaching, preaching and religious texts, dogma, culture and tradition; most of the teachings and preaching are focused and given to suit and comfort their followers for the sake of of keeping them and at the same time to attract new followers by deliberately sidelining and leaving the teachings of huge lists of sins and the Infinite levels of Impurity Upgrading workings;

- out of the Infinite levels of channels, alignments and protocols to attain Purity Upgrading only verbal and reading methods are adopted by many counselors, mentors, coaches, faiths and religions and that is why many of their followers are continuously subjected to many wrong doings, evil exercises, sinful acts and Impurity Upgrading;

- the day to day addiction, attachment, dependency and association of humanity with infinite levels of Impurity Upgrading that subject them to various restriction, limitation, imprisonment, enslavement, influence, manipulations, bias, unfairness, injustice, inequality, judgement, sabotage, downgrading, harm, anger, stress, inflammation, anxiety, misery, sorrow, regret, ego, pretending, scandal, corruption, denial, confrontation, unfaithfulness, impatience, purposelessness, fatigue, rigidity, ignorance, doubt, confusion, distraction, disturbance, war, weakness, fear, distrust, immorality, revenge, scarcity, rejection, meaninglessness, hopelessness, difficulty, obstacle, disrespect, disinformation, distraction, dis focus, draining and other endless gradual killing elements;

- the lack and absence of even a few individuals for centuries to showcase and demonstrate to humanity with enough clarity, simplification, formula and chemistry the grand scheme of God's workings, designs, consciousness, simulations and realities and what it takes to secure the ultimate, unconditional, unshakable, virtuous, righteous, blessed, eternal, permanent, elevated, the highest and Infinite levels of Purity Upgrading

- and endless reasons, causes and justifications for the continued failure of having Purity Upgrading.

- The Infinite levels of the Purity Upgrading products coming to market do have endless unique benefits and value propositions from all the current and centuries beyond long market that is entirely based on the state of being of the Infinite Impurity Upgrading and accordingly some of the key differentiating market factors are: there is no competition on the global market to this date; the Infinite Purity Upgrading products will only continue to be in the global market until humanity and other beings do have the right clarity and understanding of the detail workings, functioning, formula and chemistry of the Infinite Purity Upgrading product; the Infinite Purity Upgrading products are not based on any attachment, dependency and external associations; the Infinite Purity Upgrading products are not based endless subscriptions and addictions as their service will come to an end the moment humanity and other beings understood the design and workings behind; the Infinite Purity Upgrading products are not presented as material brands and subsequent dependencies from the manufacturer as only contents and contexts are presented to the market; the Infinite Purity

Upgrading products don't discriminate access to the market based on any kind and forms of identification and classification; the Infinite Purity Upgrading products don't have behind the scene influence and control agenda; the Infinite Purity Upgrading products are solely based on the purpose of liberation and independence of humanity and other beings from centuries beyond long trap of suffering and imprisonment; the Infinite Purity Upgrading products are guided and under the guardianship of God and the Infinite Purity Upgrading products operate on the deepest and highest levels of of dimensions, consciousness, simulation, time, experience and reality

- When humanity and other beings are within the state of being of the Infinite levels of Purity Upgrading they have to see, listen, observe, sense, feel and experience the following symptoms, occurrences, happenings and habits in each moment, second, hour, day, week, month, year and throughout their lives which a few them are the utmost, ultimate, continuous, elevated, eternal, permanent, flawless, positive, fulfilling, transcending, unconditional, unshakable, virtuous and righteous Purity Faith n God happiness, Purity Upgrading courage, Purity Upgrading love, Purity Upgrading respect, Purity Upgrading generosity, Purity Upgrading abundance, Purity Upgrading wisdom, Purity Upgrading wealth, Purity Upgrading confidence, Purity Upgrading certainty, Purity Upgrading consistency, Purity Upgrading trust, Purity Upgrading beauty, Purity Upgrading marriage, Purity Upgrading kids, Purity Upgrading health, Purity Upgrading Immortality, Purity Upgrading healing, Purity Upgrading intelligence, Purity Upgrading clarity, Purity Upgrading observation, Purity Upgrading non-judgement, Purity Upgrading accountability, Purity Upgrading miracle, Purity Upgrading forgiveness, Purity Upgrading reconciliation, Purity Upgrading purpose, Purity Upgrading honesty, Purity Upgrading thought, Purity Upgrading opportunity, Purity Upgrading essence, Purity Upgrading simulation, Purity Upgrading strength, Purity Upgrading Freedom, Purity Upgrading limitless, Purity Upgrading Grace and other endless symptoms and realities of the Infinite levels of Purity Upgrading symptoms

- Overall your total measurement and live score of your Purity Upgrading at any give time will be =

  100%(the sum of your actual score of each of the Infinite levels of Purity Upgrading elements which is Purity Upgrading element one + Purity Upgrading element two + Purity Upgrading element three + Purity Upgrading element four + ..Infinite Purity Upgrading elements))/(the sum of the ideal, perfect and maximum value of each of the Infinite levels of Purity Upgrading elements which is Purity Upgrading element one + Purity Upgrading element two + Purity Upgrading element three + Purity Upgrading element four + ..Infinite Purity Upgrading elements))

b) Summary of the Infinite levels of Impurity Upgrading

The Infinite levels of Impurity Upgrading is characterized and channeled by separation, difference, non-harmonization, misalignment, in-synchronizations, non-convergence, limited, cursed, conditional, shaky, non-bonded, temporary, lose, momentarily, imprisonment, enslavement, dependency, upgrading, decelerating, aging, draining, imbalance, descending, non-elevating, disorder, purposelessness, causeless, revenge, conflict, locking, hell, sin, unrighteous, non-awakening, unwholesomeness, competition, downward, disintegrating, in-comprehensive, time consuming, complexity, struggle, non-peacefulness, selfishness, corrupted, imperfection, impurity, fake, audit, devaluation, non-measurement, non-adjustment, dishonor, disrespect, unappreciative, avoidance, unfulfilled, meaningless, essence-less, doubt, dilemma, suspicion,, disbelief, inconsistency, distrust, in-confident, fear, weakness, non-aliveness, non-determination, non-commitment, confusion, judgement, ordinary, usual, traditional, non-discovery, deactivating, disconnectedness, linear and one at a time, valueless, immoral, unethical, division, inequality, arrogance, hate, cruelty, unkindness, unfairness, injustice, scarcity, abuse, manipulation, unsatisfactory, anger, invalidation, disloyalty, senseless, under the influence and control of Satan and other endless elements, parameters, ingredients and packages of the Infinite Impurity Upgrading.

Besides below are the key differentiating factors of the Infinite levels of Impurity Upgrading from the other states of beings and more or less similar to the centuries beyond long preaching, teachings, beliefs, thinking, assumptions, frameworks, principles, foundations, strategies, models, programs, designs, observations, purposes, causes, perspectives, norms, narrations, understanding, convictions, workings, experiences and practices when it comes to the reality that both operate and function in the negative, sinned and Impurity Upgrading except that the Infinite levels of Impurity Upgrading operates in an infinite levels of dimensions, simulations, consciousness, time, realities and experiences as opposed to the centuries long and beyond practices which are limited on a few scopes, options, possibilities, alternatives, dimensions, consciousness, time, realities and simulations:

- The Infinite levels of Impurity Upgrading state of being is the negligible, negative, volatile, sinned, cursed, darkened, impure and the lowest level of preference and will of God for humanity and other beings to operate, function and live

- The highest levels of separation, divergence, split, non-synchronization, non-harmony, misalignment, non-integration, division, dishonor, non-fulfillment, dissatisfaction, isolation, powerlessness, misery, non-ownership, incompatibility and distance from God and all existence is realized in the Infinite levels of Impurity Upgrading

- In the Infinite levels of Impurity Upgrading hell, judgement, punishment, penalties, fall, suffering, sin, curse, denial and separation away from God is

continuously available, accessible and happening in every moment, second, hour, day, week, month, year and throughout the shortest life span starting from birth; as opposed to the centuries old and beyond narration, preaching and teaching as if they are accessible only after death

- In the Infinite levels of Impurity Upgrading everything is time consuming, linear, one at a time, exhaustive, imperfectly aligned, costly, ordinary, surface level, material oriented, difficult to access, very gradual, normal, thinkable and imaginable scenes, unreachable consciousness and wisdom, never ending complexities, undreamed and unthinkable rescue interventions and workings of God, limited touches of beauty and nature realities, restricted marvels and limited purpose dimensions, happiness and peace scarcity, temporary simulations, rare love and faith driven experiences and so much more

- There is an existence of infinite, unlimited, endless, continuous and negligible levels of Impurity Upgrading elements, sub elements and Infinite levels of sub elements and as per God's design, workings and simulations and every humanity, or being, or existence consists of all the existence in it as opposed to the centuries old and beyond information that projects the availability of very restricted and limited quantity, level, scope, dimension, simulation, reality and experience of creation and its existence which was purposely designed, crafted, planned, formulated, staged, narrated, propagated and weaponized to discredit and undermine the existence of God and at the same time to keep humanity and other beings under their influence, manipulation, control and authority

- The consciousness is the differentiating factor within the endless lists of the Infinite levels of Impurity Upgrading and as per the source code of God's design, simulation and workings of all existence, everything is one and the same except for those who chose to distance and separate themselves away from it and consciousness is different for each and every existence to have different Infinite levels of Existence or Creation Consciousness at birth for Infinite levels of purpose, cause and experience so that humanity and other beings upon their freewill, choice, experience, understanding, clarity and Faith can move either to the state of being of the Infinite levels of Purity Upgrading, or to the state of being of the Infinite levels of Neutral Upgrading and or to the state of being of the Infinite levels of Impurity Upgrading

- When humanity and other beings achieve the highest and negative consciousness they will be in the highest levels of Impurity Upgrading out of the Infinite levels of Impurity Upgrading and when they are in the lowest and negative consciousness they will be in the lowest levels of Impurity Upgrading out of the Infinite levels of Impurity Upgrading

- When humanity and other beings are within the state of being of the Infinite levels of Impurity Upgrading they will be forced to acquire external support, help, favor, influence, connection, finance, knowledge, information, guidance,

advice and mentor as they are accompanied by scarce, costly and continuous struggle, exhaustion, hard work, attempt and trial and error to gain all the infinite scarcity of every existences, elements, ingredients and packages and at the same time they are continuously denied, prevented and punished for the the same by moving contrary to the grand scheme of oneness design, working and simulation whenever they attempt to acquire; moreover they will be affected by whatsoever external conditions, situations, scenarios and circumstances because of the fact that in one hand they are operating and functioning at the Infinite levels of Impurity Upgrading dimensions, consciousness, simulations, realities and time which are reachable and accessible by Satan and dark forces and on the other hand they are not continuously guarded, protected, guided, insured and under the guardianship of God except for certain extreme conditions

- Every humanity and beings within the state of being of the Infinite levels of Impurity Upgrading can freely, unconditionally, easily, continuously and instantly access, own, use, control and experience all Impurity Existence and subsequently design, simulate, run, operate, govern and execute their attained version level of the Infinite levels of Impurity Existence as per the grand scheme of God's Infinite levels of separation, division and misalignment design, consciousness, reality, dimension an simulation

- The initial source code design, simulation and workings of God makes it very difficult, hard, exhaustive, challenging, dragging and paining when humanity and other beings intend to talk, think, feel, imagine, visualize, discuss, interact, communicate, coordinate, focus, strategy, select, prepare, formulate, analyze, contemplate, decide, design, plan, conspire, plot, act and execute sin and Impurity Upgrading every time and every moment because they will be automatically and continuously met with self: dragging, distracting, doubting, confusing, fearing, worrying, conflicting, depressing, stressing, suffering, blurring, angering, corrupting, hating, weakening, attaching, restricting, limiting, imprisoning, dis-empowering, sickening, suffocating, suffering, disturbing, draining, restraining, inflicting, emptying, defeating, unpleasing, disrespecting, cursing, attacking, regretting, annoying, revenging, exhausting, unbalancing, darkening, punishing, complicating, distorting, failing, contradicting, downgrading, down-lifting, unfulfilling, unsatisfying, unsettling, preventing, rejecting, disabling, arguing, minimizing, sabotaging, retarding, dragging, abusing, locking, deactivating, malfunctioning, non-cooperating, disorganizing, deafening, blinding, distrusting, disbelieving, non-aligning, threatening, scaring separating, dividing, resource depriving, decaying, aging, killing and endless natural, biological, judgemental, natural, chemical, physical, neurological, circular, cellular, hormonal, organically, physiological, psychological, genealogical, energetically and spiritually reactions; which is emanated from God's utmost love and respect for humanity and other beings for them to stay away of the Impurity Upgrading and sin by continuously sending warning, teaching, directing and punishing signals to every detail sins they continue to commit and for the purpose of shifting them towards the state of being of the Infinite levels of Purity

Upgrading upon their freewill contrary to the centuries old and beyond understanding, narration and projection of portraying God as cruel , merciless and punishing creator knowingly and unknowingly but with all these endless lessons, warnings and penalties humanity and other beings continue to be entirely immersed for generations within endless sins, Impurity Upgrading and shortening their life spans

Upgrading for writing, Purity Upgrading for learning, Purity Upgrading for mercy, Purity Upgrading for stability, Purity Upgrading for resilience, Purity Upgrading for transformation, Purity Upgrading for hope, Purity Upgrading for entertainment, Purity Upgrading for playing, Purity Upgrading for sport, Purity Upgrading for journey, Purity Upgrading for promise, Purity Upgrading for commitment, Purity Upgrading for worthiness, Purity Upgrading for truth, Purity Upgrading for authenticity, Purity Upgrading for agreement, Purity Upgrading for connection, Purity Upgrading for temperature, Purity Upgrading for rain, Purity Upgrading for nature, Purity Upgrading for friendship, Purity Upgrading for partnership, Purity Upgrading for collaboration, Purity Upgrading for birth, Purity Upgrading for cure, Purity Upgrading for healing, Purity Upgrading for talent, Purity Upgrading for alternative, Purity Upgrading for clarity, Purity Upgrading for cleanness, Purity Upgrading for non-judgement, Purity Upgrading for food, Purity Upgrading for air, Purity Upgrading for drink, Purity Upgrading for fasting, Purity Upgrading for repentance, Purity Upgrading for salvation, Purity Upgrading for praying, Purity Upgrading for worship and other endless levels of Purity Upgrading essential ingredients, elements and packages.

Those humanity and other beings that don't continuously and non-stop embody, embrace, posses, experience and live the above mandatory essential Infinite levels of Purity Upgrading elements are suffering, struggling, limited, restricted, separated, blocked, protected, deactivated, imprisoned, enslaved, blinded, deafened, shielded, influenced, biased, manipulated, controlled and continue to live in every moment, second, hour, day, week, month, year and throughout their negligible and Impurity Faith life under survival, emergency, cursed, sinned and scarcity mode as per the desire, delight and purpose of Satan, dark forces and their agents. At the same time those humanity and other beings will be only eligible to face ans suffer the lowest, negative, continuous, uninterruptible, shaky and Impurity Upgrading punishment, penalty, curse, scarcity, sin, hell, downfall and dishonor as they chose and decide, upon their freewill, to move and live with the non-preference and negative direction, path, guidance, guardianship and will of God rather that is best suited and compatible with the version of God's source code and design of separation, difference, division, greediness, scarcity, conflict, competition, disagreement, misalignment, disintegration, non-synchronization, divergence, doubt, suspicion, random, isolation and non-ownership from all existence and creation only available for those in the state of being of sinning as a sign of punishment and penalty for the sins they are continuing to commit and at the same time for their subsequent shift, transition and return to the state of being of the Infinite levels of Purity Upgrading which they are best suited and compatible with; as they continuously and non-stop think, feel, observe, imagine, focus, visualize, channel, select, decide, act, experience and live throughout their insignificant Impurity Faith life to embrace, embody, converge, bond, align, synchronize and become compatible with the desire, purpose and goal of Satan and dark forces which are the Infinite levels of Impurity Upgrading's conditional, shaky, sinned, cursed, deactivated, locked, non-elevated, temporary, volatile, harmful, negative, insignificant, imprisoned, dependent, non-cleansed, imperfect, impurity, unholy, dirty, unessential, darkened, emergency and survival

functioning, non-mandatory and meaninglessness elements, ingredients and packages of the Infinite levels of Impurity Upgrading elements.

And that is why centuries long and beyond attempts and trials by humanity and other beings to lead, attain and secure meaningful, purposeful, virtuous, righteous, blessed, elevated, significant, eternal, pure, heavenly, peaceful, fulfilling and holy life always continue to fall on the contrary accompanied by conflict, war, disagreement, separation, doubt, suspicion, revenge, attack, plot, corruption, confusion, darkness, distraction, destruction, sickness, pain, disease, fear, anger, worry, hate, contradiction, confusion, failure and dissatisfaction as they continue disregard and reject to embody, embrace, integrate and bond the vital, critical and oneness elements, ingredients and packages of the Infinite levels of Purity Upgrading as outlined above. And this condition of humanity and other beings of living the sinned, cursed, insignificant, dark, conditional, attached, imprisoned, restricted, limited, killing and shortest life span that continued for centuries and beyond is in the best interest, desire and goal of Satan and evil forces as the opposite of the outcome will guarantee humanity and other beings a place of eternity, association, guardianship, blessing and ultimate honor from God which leaves Satan, dark forces and its agents with no role to play in the Infinite levels of Impurity Upgrading as every humanity and beings will instantly shift towards the Infinite levels of Purity Upgrading once that clarity, understanding and experience is practically witnessed by a few humanity and other beings.
